

## **Attention all Slip Renters**

The Boat Storage Committee is asking for your help. Very soon we will be bringing in the outside docks and moving boats into the boathouses for winter storage. We are requesting all slip renters that will have boats in the boathouses this winter lower your Bimini tops (if so equipped) to their lowest positions possible. This will facilitate the boat movers as they reposition the boats for winter storage. Your cooperation is requested and appreciated.

The Boat Storage Committee. October 12, 2020.
